

Linx Solutions, Inc. is an Iowa company that helps businesses manage their voice, data, and internet telecommunication services.

We work with you to answer these 4 questions:

1. Are you paying too much for carrier services? *(We average a 35% saving for our customers)*
2. Does your company have the right technology embedded in your carrier services?
 - **Local Voice-**
(Analog business lines, SIP trunking, voice PRI T-1, integrated access T-1, digital trunks, and DID's)
 - **Long Distance-**
(Switched, dedicated, international, SIP LD, toll free service and calling cards)
 - **Internet-**
(Dedicated, wireless, DSL, and broadband)
 - **Data-**
(MPLS, Ethernet, point to points, ATM, frame relay, and voice over IP)

3. Does your company have the right carrier? *(here is a list of a few you might recognize)*

4. Are you tired of dealing with poor customer service, telemarketers, sales people, or trying to understand your bill? *(We handle all this for you, just call or email us)*

We would like the opportunity to tell you about our services and show how our customers have benefited from getting all the questions above answered. Please contact us:
